Innovative Architecture & Design

Granger Group's very own, James Sharba, a sought-after expert in multifamily architecture, mixed-use development, and healthcare design has positioned the firm as a trusted partner to municipalities, health systems, and investors alike. James Sharba is frequently engaged in complex, high-impact projects that brings vision to life.

Through his dedicated leadership, Granger Group continues to redefine the limits in architecture, making it possible to build environments and communities with bold vision, technical excellence, and unwavering purpose.
